

	Title: Raw and Packaging Material Specification		
	Page 1 of 1	Doc. ID: JTL/MFS/PR011/F02	Issue date: Sep-01-2020
	Revision #: 3	Approved By: <b>CEO</b>	Last Revised: Oct-23-2023

Raw and Packaging Material Specification	
Product Name:	Fish Spice Concentrate
Product Characteristics:	Description
Product Type	Soup Ingredient
Product Size(s)	1x25 kg
Product Quality Specifications:	
Particle Size	Powder
Colour	Yellow
Smell	Typical / fishy
Microbial Quality Specifications:	
Total Aerobic Microbial Count	10 <sup>7</sup> cfu/g
Total Combined Yeast and Mould Count	10 <sup>5</sup> cfu/g
Escherichia Coli	Not detected in 10 grams
Salmonella spp.	Not detected in 25 grams
Chemical Quality Specifications:	
Fumigation	N/A
Labelling Requirements:	
Net Weight	25 kg
Processor	Griffiths Foods Inc
Batch Code (e.g.)	AlphaNumeric. Example – PBTE20-01695
Country of Origin	Canada
Allergen Declaration (must be declared on label and raw material specification sheet/COA if applicable):	Made in facility that handles fish & peanuts May contain fish
Storage Requirement (must communicate storage requirement):	Storage in an air conditioned and dry place.
Storage and Distribution Controls:	
Temperature	Storage in a cool, dry conditions. Ambient temperature.
Reject Condition	Chloride percentage & moisture out of specification, No COA, colour is off, smell is atypical
