11. City officials may inspect the premises at any reasonable time to ensure compliance and enforcement with Sacramento City Code Chapter 5.150, demand copies of records maintained by the permitted business, and no person shall refuse, impede, obstruct, or interfere with any inspection.
12. The permit holder shall maintain business records as required by state law. Records must be produced within 24 hours of the City of Sacramento's request.
13. The permit holder shall notify the Office of Cannabis Management within 24 hours of occurrence of all security breaches.
14. The permit holder shall submit a Cessation of Business Operations form to the City of Sacramento when the business plans to be non-operational for 30 days or more.
15. All manufacturing extraction operations must be approved by the City of Sacramento Fire Department (SFD) and no changes shall be made unless first approved by SFD.

### **Security Conditions (all):**

1. Management shall hold employee safety meetings quarterly (at a minimum) to address security concerns and review security policies and procedures (e.g., opening and closing procedures, etc.). The meeting date and time, topics addressed, and names of attendees shall be kept in a log maintained on site.
2. ALL exterior doors shall be equipped with a metal latch guard (plate), to protect the locking mechanism and prevent/deter intrusion via crowbar.
3. ALL cannabis products, with the exception of cannabis in the stages of processing (cultivation), shall be stored in a secure storage area during non-business hours.
4. Doors accessing all areas designated as secure storage for cannabis products and/or cash shall be equipped with metal door/frame plates, allowing the plate(s) to be locked with a circular "hidden shackle padlock(s)." These areas shall be locked during all non-business hours. These areas shall remain unlocked during business hours. The shackle padlock(s) should be locked and secured nearby, to the wall, during business hours.
5. The premises shall be equipped with Live Video Monitoring Analytics for each side of the structure on which there is an entrance/exit leading to the business. The system shall allow for the monitoring company to audibly engage suspects on the property. Monitoring shall be performed by a licensed third-party Alarm Company Operator (ACO) or Private Patrol Operator (PPO). Live Video Monitoring shall be operational during ALL non-business hours.
6. The business shall be equipped with and maintain a security system with:
  - An alarm system with a valid UL Certificate in accordance with ANSI/UL Standard 681-2014 (Standard for Installation and Classification of Burglar and Holdup Alarm), Extent Number 2 with line security.
  - A Video Assessment and Surveillance System (VASS).
7. Holdup/Distress alarm system shall be employed near the:
  - transport area
  - manager's office
  - lobby
  - safe(s)
8. Burglar alarms shall cause the dispatch of a properly licensed private patrol. The monitoring center will be instructed to notify both the on-site security officer assigned (if applicable) and/or a duly licensed private patrol operator. Security will be responsible for providing a timely response, not to exceed 20 minutes. The private patrol operator will be

instructed and equipped to notify the Security Director in the event of a breach in security (open door).

9. The Security Director or its designee shall be able to respond to assist in evaluating the activation within one hour. Where evidence of criminal activity is discovered by the private patrol operator or the responding Security Manager (or designee), those responding shall retreat to a position of safety and observation, shall alert local law enforcement and shall assist law enforcement with all necessary access to and within the facility as is needed to investigate.
10. Holdup alarms shall cause the dispatch of the Sacramento Police Department.
11. Security system shall be equipped with at least 24 hours of continued operation time in case of power failure.
12. Security system shall be equipped with cellular back-up in case of phone line disruption.
13. A log shall be maintained that shows when the alarm system was armed and disarmed, and by whom.
14. The following are Specifications / Conditions for Video Assessment and Surveillance System (VASS):
  - VASS must provide comprehensive coverage of:
    - safe(s)
    - areas of ingress and egress
    - parking lot, loading areas
    - coverage of all four (4) exterior sides of the property
    - adjacent public rights of way
  - VASS storage must be:
    - kept off-site or in a secured area accessible only to management,
    - capable of storing no less than 30 days' worth of activity (CA State currently requires 90 days of retention),
    - capable of exporting footage to common media in a standard viewing format
    - shall not require proprietary software for third party viewing.
  - The manager with access to the VASS storage shall be able to respond to any activation within one hour.
  - Cameras shall be day/night capable with a resolution of no less than two (2) megapixels and a minimum frame rate of 15 frames per second.
15. Monitors displaying the employee parking area and property perimeter shall be mounted in a visible location near the door from which employees will arrive and depart so that employees may monitor the outside environment prior to departing the facility.
