## PROFILE

A passionate and committed web developer with background in system/website development. I'm proficient in Wordpress, PHP, and PHP frameworks like CodeIgniter and Laravel. I also enjoy working on embedded systems and am constantly trying to learn new things. I take pleasure in solving problems and collaborating with others to produce worthwhile outcomes. I'm excited to offer my abilities to a group so that I can advance professionally and work toward common objectives.

## WORK EXPERIENCE

### Website Developer

Consultare Inc. Group 2021-2024

- Led the development of 100+ custom electronic forms, streamlining data collection and improving workflow efficiency.
- Designed and implemented a comprehensive Environmental Monitoring Program, ensuring compliance with regulatory standards and enhancing operational oversight.
- Developed a robust Preventive Maintenance Program, reducing equipment downtime and improving asset reliability.
- Created and deployed HR and Accounting Systems, automating core business processes and enhancing financial management accuracy.
- Built and integrated a PTO (Paid Time Off) System, optimizing employee leave tracking and improving HR efficiency.
- Trained, validated code, and managed a team of freelancers, ensuring timely project delivery and maintaining high-quality standards across all development tasks.
